USE OF THE PARTS CATALOG

1. Preface.

Illustrations and diagrams shown in the parts catalog are shown to the extent necessary to identify the part, but are not meant to serve as a detailed representation of the part. To order parts, refer to the itemization given below, then place your order with the servicing plant designated by IHIMER.

2. How to read the Parts Catalog.

a) An index and table of contents list each item separately. Please, refer to the necessary sections.

b) Meanings of symbols preceding the parts number.

X Part cannot be supplied.

☆ Supplied as a separate part.
Part number is indicated in the remarks column.

△ Special order parts, which are manufactured after the order is received.

Detailed diagram provided separately. Sheet number indicated in the remarks column.

c) An asterisk preceding the part name indicates a compositional part required in part assembly. All subsequent multiple asterisks indicate parts that are structurally required for the assembly of the preceding part.

d) The quantity. In principle, indicates the number of parts required for one unit of machinery. For parts requiring assembly, the number of parts required to assembly one set is given.

e) Interchange ability of parts is shown as follows:

0750 729 UA  Change from part shown at the top to part shown below.

0750 744 UA  The new part is interchangeable with the old.

0750 659 UA  Change from part shown at the top to part shown below.

0750 669 UA  The new part is not interchangeable with the old.

f) Suitability for various machinery.

26127~ Part used in equipment numbered 26127 and equipment subsequently numbered.

26127~26169 Part used in equipment numbered 26127 through 26169.

g) Notes and meaning of abbreviations.

Sh.No. Sheet n. I.D. Inside diameter

L Length O.D. Outside diameter

t Thickness P. Pitch

W/ With AR As required (number required)

W/O Without

3. Engine part orders: Please order from your local sales distributor or engine manufacturer, using their catalog.

4. When placing an order for parts, please check that you have clearly specified the following: (1) machinery name, (2) machinery number, (3) parts number, (4) parts name and (5) quantity of parts you are ordering.

5. With regard to improvements to equipment, such modifications may be made without notice.

USO DEL MANUALE DELLE PARTI DI RICAMBIO

1. Prefazione.

Le illustrazioni e i diagrammi del manuale sono riportate per aiutare nell'identificazione delle parti di ricambio, ma possono subire delle modifiche nell'aspetto per motivi di produzione. Per ordinare le parti di ricambio, fare riferimento alla specifica fornita qui di seguito e al concessionario designato dalla IHIMER.

2. Come leggere il manuale delle parti di ricambio.

- a. Un indice e una lista dei contenuti per ogni articolo. Consultare specificatamente la sezione necessaria.
- b. Significato dei simboli che precede il numero identificativo dell'articolo.
 - X Le parti di ricambio non possono essere fornite.
 - ☆ Fornito separatamente.
Il numero dell'articolo è indicato nella colonna dei commenti.
 - △ Ordine di parti speciali, che vengono prodotte dopo aver ricevuto l'ordine.
 - # Diagramma dettagliato fornito separatamente. Il numero della sezione è indicato nella colonna dei commenti.
- c. Un asterisco che precede la descrizione dell'articolo indica che è una parte necessaria nella composizione di un particolare assemblato. Ogni susseguente asterisco multiplo indica parti che sono necessarie per l'assemblaggio del particolare che le precede.
- d. La Quantità. Indica il numero delle parti di ricambio necessarie per il particolare in questione. Comunque, per le parti di ricambio composte, vengono fornite tutte le parti che compongono il particolare.
- e. L'intercambiabilità delle parti di ricambio è indicata come segue:
 - 0750 729 UA  Modifica della parte di ricambio in alto con quella in basso.
 - 0750 744 UA  La nuova parte di ricambio è intercambiabile con la vecchia.
 - 0750 659 UA  Modifica della parte di ricambio in alto con quella mostrata in basso.
 - 0750 669 UA  La nuova parte di ricambio non è intercambiabile con quella vecchia.
- f. Adattabilità ai vari modelli.
 - 26127~ Parte usata nei macchinari con numerazione 26127 e successivi.
 - 26127~26169 Parte usata nei macchinari con numerazione dal n°26127 al n°26169.
- g. Note e significati delle abbreviazioni.

Sh.No.	Sezione n°	I.D.	Diametro interno
L	Lunghezza	O.D.	Diametro esterno
t	spessore	P.	inclinazione
W/	Con	AR	come richiesto (quantità richiesta)
W/O	senza		

3. Ordini delle parti di ricambio del motore: Contattare il concessionario di zona o direttamente il produttore dei motori, utilizzando il seguente manuale.
4. Per fare un ordine di parti di ricambio, assicuratevi di specificare chiaramente quanto segue: (1) modello della macchina, (2) numero di matricola della macchina, (3) codice delle parti di ricambio, (4) il nome delle parti di ricambio e (5) la quantità delle parti di ricambio che desiderate ordinare.
5. Al fine di apportare delle migliorie alla macchina, alcune parti potrebbero subire dei cambiamenti non riportati in questo manuale.
