GENERAL INFORMATION

This parts catalog has been prepared for the customers of Toyota Industrial Vehicles and this shows only the part name codes instead of parts numbers.

When ordering parts from your local Toyota dealer, please specify the complete model number of the truck, the engine number or frame number. Also it is essential that you specify the part name codes described in the pages of illustrations and text.

The complete model number and frame number are shown in the front page of this catalog. All the columns in this quick reference index are supposed to be filled out by both the factory and your local dealer.

For the industrial vehicle with optional equipment, which is described in the lower part of the DESCRIPTION, it is imperative for you to specify optional equipment when ordering parts.

Your Toyota dealer has always been furnished with enough information to decode the correct part numbers based on your information of model number, engine number or frame number as well as part name code.

INFORMATIONS D'ORDRE GENERAL

Ce catalogue de pièces a été préparé pour les propriétaires de Véhicules Industriels Toyota. On n'y trouvera que les codes de désignation de pièces au lieu des numéros de pièces.

Pour le véhicule industriel avec équipement optionnel, décrit en bas de page sous la rubrique "DESCRIPTION", il convient de bien spécifier qu'il s'agit de cet équipement lors de commande de pièces.

Votre concessionnaire Toyota est toujours suffisamment informé pour décoder les numéros de pièces sur la base de votre information du numéro de modèle, du numéro de moteur ou de châssis, et des codes de désignation de pièces.

INFORMACION GENERAL

Este catálogo de piezas ha sido preparado para los clientes de vehículos industriales de TOYOTA, e incluye tan sólo los códigos de nombre de pieza en lugar de los números de pieza.

Cuando solicite piezas a su distribuidor local de TOYOTA especifique por favor el número de modelo completo del vehículo, el número de motor o el número de bastidor. Asimismo, es esencial que Vd. especifique los códigos de nombre de pieza descritos en las páginas de ilustraciones y de texto.

El número completo de modelo y el número de bastidor se indican en la portada de este catálogo. Se supone que todas las columnas de este índice de referencia se han rellenado, tanto por parte de la fábrica como por parte de su distribuidor local.

En lo que concierne a los vehículos industriales con equipos opcionales, que se describen en la parte baja de la DESCRIPTION, es absolutamente necesario que especifique equipos opcionales cuando solicite piezas de repuesto.

Su distribuidor local de TOYOTA posee la información necesaria para descifrar los números correctos de cada pieza a base de su información de número de modelo, número de motor o número de bastidor, así como el código de nombre de la pieza.
