GENERAL INFORMATION

This parts catalog has been prepared for the customers of Toyota Industrial Vehicles and this shows only the part name codes instead of parts numbers.

When ordering parts from your local Toyota dealer, please specify the complete model number of the truck, the engine number or frame number. Also it is essential that you specify the part name codes described in the pages of illustrations and text.

The complete model number and frame number are shown in the front page of this catalog. All the columns in this quick reference index are supposed to be filled out by both the factory and your local dealer.

For the industrial vehicle with optional equipment, which is described in the lower part of the DESCRIPTION, it is imperative for you to specify optional equipment when ordering parts.

Your Toyota dealer has always been furnished with enough information to decode the correct part numbers based on your information of model number, engine number or frame number as well as part name code.

INFORMATIONS D'ORDRE GENERAL

INFORMACION GENERAL

Este catálogo de piezas ha sido preparado para los clientes de vehículos industriales de TOYOTA, e incluye tan sólo los códigos de nombre de pieza en lugar de los números de pieza.
